A MISFORTUNE.

BY SAM WILSON.

I remember well, when but a boy,
To read was my delight,
Good stories, either long or short,
And poems till midnight.

One fatal night I thought I'd try
My own, my gray goose quill,
I'd write a poem, or I'd die,
To test my brain and skill.

Innumerable subjects came to view,
And each I jotted down,
I selected one—a perfect gem—
The biggest crank in town.

I mailed it to the editor,
The paper came to hand,
Subscribers read the paper o'er,
And failed to understand.

And pretty soon a mob appeared
Around the office door,
The language these subscribers used, I
Was never heard before.

The editor heard the noise without,
The battering on the door,
Which made him quickly leave the place
And skip for Baltimore.

And now the office lies in ruin,
No paper in the town,
Subscribers still are on the trail,
To run the editor down.

CAPT. EWEN'S HOTEL

At Jackson Burned, and All His Possessions Swept Away.

The new hotel belonging to Capt. B. J. Ewen, the principal witness against Jett and White, was destroyed by fire at an early hour Sunday morning by incendiaries. The property was valued at \$10,000, including the furnishings, valued at \$4,000. He carried \$5,000 insurance on the hotel, but about two weeks ago the insurance companies notified him that they would be compelled to cancel his policies on account of the lawlessness existing in Jackson, and it was only last week that the policies were formally canceled. The fire originated in an unfurnished room on the third floor in the rear. No fire had been in the room or near it and it was remote from the kitchen chimney. The most stringent measures were taken by the soldiers to apprehend the parties. The building and furnishings represent all of Capt. Ewen's savings of his past life, and today he is homeless and penniless.

The fire was discovered about six o'clock and the alarm was quickly given, the general alarm being given by Ernest Hornbrook, the station agent, who fired five shots in quick succession. The family and guests barely had time to escape, many of them leaving their belongings behind. Capt. Ewen's daughters escaped in wrappers and the smaller children in their night clothes. Capt. Ewen was sleeping at the camp in order that he might have the protection of the soldiers from assassins. He was immediately informed of the burning of his home and as soon as possible his wife and children were brought to the camp. The meeting between him and his wife was very pathetic, not a soldier or officer who witnessed the scene attempted to restrain tears. The sympathy of the soldiers went out to the man who had lost all because he recognized and dared tell the truth.

The fire could not be seen from the camp. Capt. Longmire sent a detail of 25 men under Capt. Burton and Lieutenant Gordon to render whatever assistance they could. The guards around the jail and court house took extra precaution against any attempt that might be made to liberate Jett and White. The rain barrels which had been standing by the side of the house were found to have been overturned by the parties who started the fire, and but little water could be secured.

The main energy of the fire fighters was directed to the saving of South Jackson. A hundred citizens stood idly by, and when requested to lend assistance answered they were afraid. Had it not been for the soldiers South Jackson would have been destroyed.

The leading people of Jackson called upon Capt. Ewen and family at the camp, which is their temporary home, and offered them as-

sistance, and urged that the press of the State start a subscription for the relief of Capt. Ewen and family. He is a middle-aged man, and he must now begin anew, and has nothing to relieve immediate wants.

Ed. Tharp and Joe Crawford were subsequently arrested, and, as the grand jury was sitting, they were taken before that body. But the investigation was postponed, and they were sent back to camp under guard of soldiers.

Kodol Gives Strength

By enabling the digestive organs to digest, assimilate and transform ALL of the wholesome food that may be eaten into the kind of blood that nourishes the nerves, feeds the tissues, hardens the muscles and recuperates the organs of the entire body. Kodol Dyspepsia Cure cures Indigestion, Dyspepsia, Catarrh of the Stomach and all stomach disorders. Sold by all druggists.

George McQuinn and Scorchers Montgomery, of near Helechwana, had a difficulty Saturday evening, in which McQuinn fired five shots and Montgomery threw a few lumps of coal. No blood was drawn and the two belligerents made friends Monday morning. All is now quiet "along the Potomac." Eye-witnesses say the fight(?) was very amusing. While the pistol is generally conceded to be the power in this country coal now seems to be king. After McGuire had fired a few shots Montgomery picked up and threw coal at his opponent until he drove him from the field.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or uneasy heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Beckham is to be congratulated upon the selection of so good a man to fill the vacancy, and that he will prove worthy the trust is evidenced by the popular opinion as expressed at the polls. Frank Hopkins is worthy any position within the gift of the people, and we rejoice every time we see him score, for he is our friend.

Ladies and Children Invited.

All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not gripe, weaken or sicken; many people call them the Easy Pill. W. H. Howell, Houston, Texas, says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all others gripe and sicken, while DeWitt's Little Early Risers do their work well and easy. Sold by all druggists.

Affairs at Jackson.

The trial of Jett and White at Jackson is still attracting much attention. The testimony of Capt. Ewen positively identifying Curt Jett as the man who did the shooting was corroborated in a greater or less degree by numerous other witnesses. Mrs. Johnson, sister of the murdered man, testified that Jett told her that he killed Marcum, but it was caused by Hargis' money.

The prosecution closed its side Saturday morning, and Judge Redwine continued the case until Monday to allow the defense to get its side ready.

Much excitement was caused Sunday by the burning of Capt. Ewen's house. After his testimony he was threatened with death and the destruction of his property, and it is alleged by him that he was offered five thousand dollars to say his testimony was false.

The burned building was a hotel of nearly fifty rooms and was valued at ten thousand dollars. A policy of insurance for five thousand dollars which he carried for years was canceled Monday by the company on account of the threats made, and his loss was total. Joe Crawford and Ed. Thorp, wagoners for Hargis Bros., were arrested, charged with the crime, and are now held.—Winchester Democrat.

The Price of a 30x3 Foot Log.

"My Dear Mr. Editor: What is an oak saw log 30 feet long by 3 feet thick at the butt worth in the rough and squared in your country? I am moved to this inquiry by having tried to buy a two-inch plank, 3 feet by 18 inches in the city of New York. The price asked was 14 cents a square foot. Make some calculations on these figures, will you, and let your readers know what a Red river sawlog would be worth on the bank, or in the lumber pile, at the price asked for it by the time it gets to a New York carpenter shop. Yours, &c.,
"W. J. LAMPTON."

"New York, June 12."
A log 30 feet long and three feet thick at the butt end, after slabbing, will cut 1960 square feet, and at 14 cents a square foot the log would bring \$274.40 at New York prices. But the above calculation does not allow for the saw-cut and is squared from the butt end. To square from the small end and take out the sawage would reduce the number of feet, of course. But it is hardly fair to estimate on a 30 foot log, as it is an unusual size. Average saw-logs are worth from \$7 to \$10 per 1000 feet, on Red river banks, according to Doyle measure, the price depending upon distance from and difficulty in getting to the river. But after the log leaves the bank it passes through so many hands that it is impossible to tell the increase in price as it moves along. However, if the inquiry of our good friend refers to board measure, which we presume the case, it will be seen that somebody makes money out of the tree, and certainly it is not the man who sells from the stump.

Appropos, what could Wm. J. want of a board that size, which is the regulation size for a biscuit board? Is it possible that Bill has taken a sneak and become a Benedict? Was the question that presented itself instantly. And if it be the case we are there now to present our compliments and best wishes. How about it, Will?

50c. and \$1.00; all druggists.

Misses Carrie Rose and Ella Kash, two of Hazel Green's most accomplished and attractive young ladies, were in our city during the past week. Miss Rose is a daughter of Judge John M. Rose, of Hazel Green; Miss Kash is a daughter of the late J. M. Kash, of the same town, and both young ladies are recent graduates of the academy of their native town. Tuesday morning these two young ladies, accompanied by two of Jackson's fairest and loveliest young ladies, Misses Margaret and Kate Sewell, brightened the Hustler's sanctum with a pleasant call.—Jackson Hustler.

The Meanest Man Alive.

A man may drink mean whisky and throw rocks at his grandmother; may oppress and starve an orphan child; cheat his neighbor who has done him and his charitable favors; may abuse dumb brutes and inflict punishment upon defenseless animals below the human standard; may be unfaithful to his marriage vows; under pretense of administering medicine to alleviate pain may give his victim poison; may rob you of your good name and your hard earned money; may stab you in the dark or ambush and assassinate you. Any one or all of these are mean enough for a man to be guilty of. But even though he commit these and every other crime in the calendar, he is not half so mean as the monstrosity who takes from the office his county paper for six months or a year over the time paid for and then says to the postmaster, "I don't want that paper any longer." And we are truly sorry to say that some of this breed live in this community. If you don't want the paper, pay for the time you have taken it and then stop. Don't murder your manhood for the pittance of \$50c. or \$1.00.

That Throbbing Headache

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure, blood and build up your health. Only 25 cents, money back if not cured. For sale by all druggists.

Jim Reeder, one of the most popular men on the road, representing J. B. McTeers & Co., Knoxville, Tenn., was at the Day House Thursday.

Charley Rose, Howard James, Prof. Patton and Carl Mize went to Jackson on the early train Tuesday, returning the same afternoon in company with Misses Carrie Rose and Ella Kash, who have been visiting Mrs. Price Sewell, who returned with them, and other relatives and friends at Jackson.

Inadvertently we last week failed to give thanks to little Mary Roe McLin for a bouquet of the most beautiful flowers we have ever seen in the mountains. The bouquet was composed of pansies, sweet peas, roses, etc., and was as fragrant as attar of roses, and our better seven-eighths joins us in thanks.

Notice.

All persons indebted to the estate of D. B. Rose, Jr., deceased, are hereby notified to come forward and make payment of same at once. Those having claims against said estate will present the same properly proven by the 6th day of July, 1903, or they will be barred. Mrs. ROSA B. ROSE, Administratrix.

When Sam Wilson shall have put the finishing touches upon the residence of Mrs. Lula Kash, she will have one of the prettiest, if not the handsomest, houses in town. The house has a shingle finish on the ends or gables, which is so much now in vogue, and these are being striped alternately in white and green, which makes an attractive contrast.

Wm. Dunn and Boyd Hatton, of this county, were arraigned before United States Commissioner R. A. Hurst, at Jackson, June 6th, charged with having broken into the warehouse of B. F. Harris, in this county. After hearing the evidence, the Commissioner held each of them in a bond of \$1,200 to answer said charge in the Federal court.

At three o'clock Tuesday afternoon the defense rested in the cases against White and Jett. The jury was given the usual instructions in murder cases. They were instructed to fix their punishment at death or life imprisonment if found guilty, or to acquit them if not guilty. The arguments were commenced Wednesday. It is not believed that the jury will acquit, but that it will be a hung jury.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala.: "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. For sale by all druggists.

Wm. Clarke, of Lexington, Ky., but a native of New Zealand, arrived in Hazel Green Monday and began a meeting at Daysboro that night. Mr. Clarke is a young man of commanding voice and pleasing address. There has been increasing interest in the services, which are held every evening at 7:45 o'clock. It is to be hoped that many of the Hazel Green brethren will attend this meeting and hear this eloquent young divine.

You Must Settle Up.

As I intend to move to West Liberty I must collect what is due me, and all who are indebted to me are hereby warned to come in and make settlement at once. Otherwise the accounts will be placed in the hands of an officer for collection and you may have to pay costs. Meantime I will sell goods as cheap as anybody, or a little lower, and you can save money by dealing with me.

BENJ. SEWELL, Editor. VOL. I. NO. 29.

Miss Sallie Hurst is this week visiting her sister, Mrs. D. B. Redwine, at Jackson.

C. C. Fulks, J. C. Lykins and Taylor Tolson went to Lexington last week on business.

John Bise is on the sick list, and was visited last week by Dr. A. C. Nickell, of Hazel Green.

Edward Peters, son of Mrs. Rebecca Peters Drake, is very low with stomach trouble and not expected to live long.

Revs. H. O. Cameron and W. T. Tyler have been conducting a very interesting revival meeting on Devil's creek. We don't know how many lost sheep were found.

Dr. H. H. Stamper and Barber Robert Carpenter returned last Saturday from Jackson, where they had been to attend the assassination trials. Carpenter contemplates locating at Jackson.

It is thought by Saturday of this week the oil well being drilled by T. M. Beckett, on the farm of Henry Madden, near town, will be completed. It is hoped it will be a gusher, at least a good producer, in which event drilling around here will begin in earnest.

The postoffice at Spradling, this county, has been discontinued. The route from Campton to Spradling has achieved national fame by reason of the hair-breadth escapes, thrilling adventures, romantic matrimonial undertakings of the carrier, R. L. Athy, who is now in the midst of a bad fix on account of its discontinuance.

M. R. Cole, a carpenter by trade, on last Saturday while working on a mill house for C. C. Hanks, in some way fell from the second story of the building, sustaining serious injuries. He was speechless for four hours, and it was thought he would die. Finally he rallied, and it is now thought he may recover. Mr. Cole came here from Chicago last fall, and seems to be a good, quiet citizen.

The Farmer's and Traders' Bank at this place is doing a splendid business. The deposits are increasing steadily at an enormous rate. What amounts to a joy for ever the profits of this institution are piling up larger and larger day by day and month by month. The officers and directors of the bank are well-known, capable business men in whom the people have explicit confidence. As an evidence that the bank is doing a thriving business we only have to refer to the fact that if a dividend should be declared now, the stockholders would realize from 20 to 30 per cent. on their money invested in stock.

Find enclosed check for proper amount, for which have sent one year to H. N. Horton the Weekly Courier-Journal and extend his subscription to THE HERALD one year. Horton knows a good thing when he sees it. Just think about it; what a bonanza offer—both THE HERALD and the Weekly Courier-Journal for the pitiful sum of one dollar. No need of living in ignorance of what is going on in this world. Give us one dollar for these papers and keep them enlightened. Don't be a clam; don't be a duce; don't be a jaded fool in this noisy, bustling, busy, newsy world. Get out of the rut; be up-to-date—and this by taking these papers. Our office open for subscriptions any hour.

We cannot emphasize the fact too strongly that it is our candid opinion that Wolfe county over-rides a great pool of oil and gas. The center oil belt—known as the forty-five degree line—runs exactly through this county. Some oil men and geologists go so far to state that oil is invariably found on this line, and this assertion has been verified by actual drilling in many instances. The oil and

gas interests are destined to play a prominent part in the development of the natural resources of Kentucky. "Oil is King." Fortunes will be made and lost. To the wide-awake man of limited means there are bonanza opportunities for him to reap a fortune with the investment of his means in oil stocks. Will he slip these opportunities by?

I have practiced medicine for 36 years and have consulted the leading physicians in this country in regard to a remedy for Dyspepsia, but have never been able to find anything that would affect a cure until I used Kodol Dyspepsia Cure. I have suffered with stomach trouble for years. Could not eat anything but milk toast for months, but since I used Kodol I can eat anything and feel that my health is better than it ever was in my life. I cannot say enough for Kodol, for it has saved my life and I know that it will cure any case of Dyspepsia if taken as directed.—M. D. Settle, M. D., Big Hill, Ky. Sold by all druggists.

Max O'Rell.

Max O'Rell, the eminent French author, is dead. Two hours before his death he penned the following lines:

"What a pity that the formula, 'Nothing but good should be spoken of the dead,' is current. It ought to be, 'Nothing but good should be spoken of the living.'"

"When we hear of a relative or friend stricken with a mortal disease we begin to acknowledge all his good ways and virtues, and all our efforts tend to make his life beautiful, but when on earth did we wait until he had cancer, tuberculosis or pneumonia to try make his life happy and beautiful? Very seldom have I failed to hear at a deathbed men and women wailing distressfully, 'If I had known we would have lost him so soon how different we would have behaved toward him, how indulgent we would have been for all his little fads and foibles, for after all he was good.'"

"Hell may exist in the next world; I haven't been there yet, but I'm positive paradise and hell are of this world, and most generally of our own making. None but sweet words should pass our lips."

Startling Evidence.

Fresh testimony in great quantity is coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as an example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Trial bottles free, regular sizes 50c. and \$1.00.

Three little tots called at this office last week with the view of seeing their names in print subsequently, and we now give them: Misses Rowena and Dolly Kash, of this place, and their little cousin, Bruce Jones, of Mt. Sterling.

Goes to Accept Position.

Edward O. Taulbee, son of Dr. J. A. Taulbee, of Jackson, who has just completed the business course of the Commercial College of Kentucky University at Lexington, has accepted the position of bookkeeper for the Big Woods Lumber Company of Lombard, Menefee county, and left last week to assume the duties of his position.

Read Wherever the English Language Is Spoken.

THE Thrice-a-Week World was a brilliant success in the beginning and has been steadily growing ever since. This is the test of all things, and has set its seal of approval on the Thrice-a-Week World, which is widely circulated in every State and Territory in the Union, and wherever there are people who can read our mother tongue.

This paper for the coming winter and the year 1903, will make its news service, if possible, more extensive than ever. All events of importance, no matter where they happen, are reported accurately and promptly.

The Thrice-a-Week World is absolutely fair in its political views. Partisan bias is never allowed to affect its news columns, and Democrats and Republicans alike can obtain in its pages truthful accounts of all the great political events of the day.

In addition to news, it publishes first-class serial stories and other features suited to the home and fireside.
